

# Seasonal Information

## Spring in Chiba City March-April

### Chiba Castle Sakura Festival

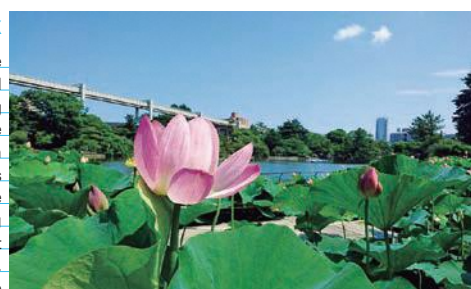

This is a festival held during the sakura (cherry blossom) flowering season in Inohana Park, which is famous for its sakura. Visitors can also appreciate and admire the romantic sight of sakura at night.

## Summer in Chiba City June

### Oga Lotus at Chiba Park

This is an oasis in a big city where many flowers and trees are planted and where you can enjoy differing seasonal aspects throughout the year. Oga Lotus flowers bloom from an ancient seed of 2,000 years ago after three such seeds were discovered in an archeological dig in Chiba in 1951, and is the oldest flower now blooming in the world. The lotus flowers bloom in Hasu-ike pond and attract many people every year with their mysterious appearance. Oga Lotus is Chiba's prefectural flower.

## Autumn in Ichihara City November-December

### Autumn Leaves in Yoro Keikoku Valley

This is one of the famous sightseeing spots in Chiba Prefecture. The valley was formed by the flow of the Yoro River that runs through Ichihara City. You can see spectacular colored leaves in the autumn. Field mustard flowers and fresh green leaves in the spring are also worth seeing. Furthermore, Onsen (hot springs), hiking, fishing, barbecue, camping and cycling are also enjoyable there.

## Winter in Yotsukaido City February-April

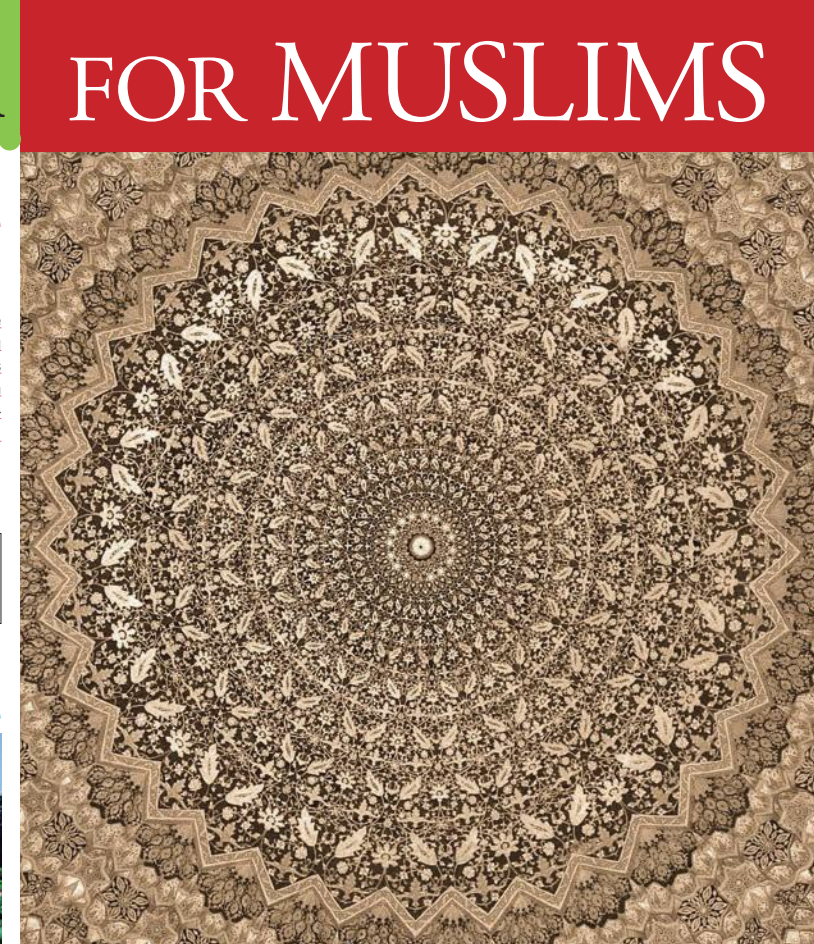

### Strawberry Picking at Sato Farm

For producing delicious strawberries, soil cultivation is of first importance. Using eco-friendly fertilizers, large and red strawberries such as "Akihime" and "Benihoppe" are grown on our farm. Almost everyone who visits for strawberry picking, which is available from February, is fully satisfied with the surprisingly sweet fruits. It takes only about 60 minutes from Tokyo, and about five minutes from Chiba Kita Interchange.

Strawberry-picking is also available in Chiba City!
